## Post Hunt Evaluation Form

Lodging: Outstanding. All people and lodgings were top notch. All facilities were clean and well kept and staff was always courteous and professional.

Food: Food was good. I would have preferred more wild game, but everything was very tasty. There was always enough food and requests were always welcome.

Personnel: Very professional and friendly. Everyone was eager to help and make the experience great.

Journey Hunts Services: First class service. Matt went above and beyond anything I could have expected to help me have a great hunt. Both leading up to the hunt and while in the field. There can never be enough praise and gratitude for Matt's service and support.

Outfitter Services: Great quality of animals. Plenty of top notch, trophy animals and great diversity.

Hunting: Good setups and locations. PHs had good knowledge of what animals frequented each site. Plenty of opportunities to harvest game.

Additional Comments: Overall, outstanding experience. All expectations were exceeded and I was 100% satisfied with the trip.

Personal Quote or Testimony for Journey Hunts Website or Newsletter: Thank you Matt for the hunt of a lifetime. Not only did you put me on world class animals, but the hoops you jumped through to get me there and make this experience possible blew me away. If every hunt you put together operates at this level, I can't wait to hunt with you again. No complaints about any aspect of this hunt. The logistics were first class, the lodgings were top notch, the animals were world class and the memories will last a lifetime .
